Awareness- When Wildlife Attacks!

In Canada and around the world there have been increasing numbers of reports of attacks by wildlife on people in recent years. Why is this happening?

In this activity you are to make a report on wildlife attacks.

You will:

- summarise details of at least 3 wildlife attacks
- write why you think they are happening
- write whether you think the trend will continue

MARKING SCHEDULE:

General:

- Report includes at least 3 attacks (3)
- Report includes reports of attacks by more than 1 type of wildlife (2)
- Report includes attacks not included on mrhodges.net (5 per item)

For Each Attack the article summary includes (1 each):

- When the attack occurred
- Where the attack occurred
- What animal made the attack
- What the person was doing at the time of the attack
- What happened to the person
- Why the attack occurred (according to the article)

Opinion (5 each)

- Report includes a summary of all findings
- Report includes an opinion about an overall trends in wildlife attacks
- Report includes an opinion about the likelihood that this type of attack will continue

Presentation

- Tidy writing/typing (1)
- Care with spelling (1)
- Presentation (3)

(HINT: you should use the marking schedule as a guide for what to include.)
